

# ANURAG SHARMA

www.bugruster.com | anurag.mnda@gmail.com | github.com/proAnurag | CodeChef 4 Star

## SOFTWARE DEVELOPER

### TECHNICAL SKILLS

- Web-Development
- C/C++
- Data Structure and Algorithms
- Networking
- Flutter
- Data Analysis
- CiSCO Packet Tracer
- Linux
- API's

### PROJECTS

#### Jigyasa Web-Development and Flutter App June 2022

- A React-based application for everyone to gain plenty of knowledge regarding any domain on the same platform.
- Connecting with different companies and organizations at the same time and analysing the user data and then recommend to the user.

#### Public Secure Key System | CLI Project and Application August 2022

- This Project is based on securing public keys like password credit and debit card details with the un-authenticate user and secure with a full Triple Data Encryption Algorithm. (DEA)
- This application can check the vulnerability of the Dark Web and suggest solutions to the problem.
- This is the next-gen secure key system that provides full support for user identification and helps the user for log in and register on websites and suggests the best data which can cross-check through on Dark-Web whether it is available there or not.

### EDUCATION

#### Eklavya International Academy | Jaipur March 2019 - April 2021

- Studied Process planning, coordination, and efficiency
- Worked with various industries on launching efficient Process Systems

#### Computer Science Engineering | JK Lakshmipat University August 2021

- Pursuing B. Tech
- Learning Coding
- Building Concepts
- Working on my strengths
- Cybersecurity Enthusiast

### WORK EXPERIENCE

#### Full Stack Web-Developer | Disha Creation Jan 2022 - March 2022

- Developed & managed the frontend side of the codebase using ReactS, Typescript, and Material UI and backend with FireBase.

#### Freelancer | UpWork / Freelancer / Fiverr / Replit November 2022

- Developed a hybrid app for both platforms by integrating API which was developed by my team in the company.

#### Full Stack Mobile Developer | Hydracoral May 2023 - November 2023

- Developed a hybrid app for both platforms by integrating API which was developed by my team in the company.

### AWARDS

- CodeChef 4 Star
- Runner Up HackJKLU (2022)
- Project Leader (2022)
- Smart India Hackathon (2022)
- CCNA L1(2022)
- Co-Ordinator of Coding Club JKLU
- Hackerrank Java 5 Star and C++ 5 Star
- HackTheBox
